

New: Rondo – Waste and cleaning material management in a corner cabinet

Now with a new lid and new silver grey finish and **soft control closing !**

Rondo is the perfect solution for waste and cleaning material storage for a corner unit equipped with a sink.

Tough, even for a regular corner cabinet, Rondo offers the great advantage of offering a waste bin and a cleaning material storage system all in one. Several smart storage spaces and all that now comes with soft control slides for the waste bin.

! Further information

- Bottom mount, very easy and quick installation with only 4 screws
- For corner cabinets with a 135° door angle
- Swiveling center gives you instant access for cleaning or recycling purposes.
